COMPACT—Ideal for Showrooms

**ABOUT WESTERN RED CEDAR**

Cedar grows in Rain Forest areas of the Pacific Northwest and therefore has developed properties that make it resistant to water deterioration.

This resinous quality makes Cedar the finest material to use for:

- Housing Construction
- Decking
- Siding
- Fencing
- Roofing-Shakes & Shingles
- Spa Skirting-Lumber

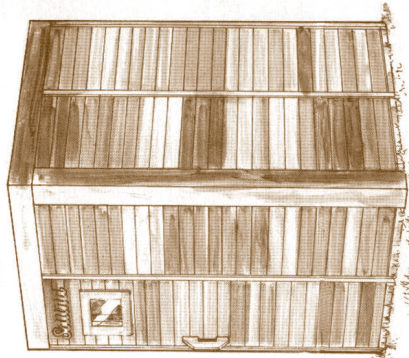

And best of all, Cedar can be used for the making of Saunas.

Cedar will not darken over time like redwood and has a very pleasant aroma that your customers will comment frequently on.

**CEDARBROOK LUMBER CO.**
