## Sample Web Pages for Online Store Account Login and Check Out

Screen One:

Depicts what an already existing customer will see when arriving at the Login Web Page. Once a customer signs up with imagingciences.us they are given a web address to use for login.

Screen Two:

Depicts what a new customer will experience when clicking on the Shopping Link. They are taking directly to an Open Account screen. The Login Page will show instructions on how to create an account. Before shopping an account must be established.

Screen Three:

Shows a Products Page. Screen is divided into four equal parts. Explanation is next to product. Clicking on a image opens a target window describing product, prices and sku#.

Screen Four:

Shopping Cart Contents. Provides information about quantities, prices, and sku#. Shopper can also begin the check out process.
